

**CHIARA PUCCIARIELLO**  
**CURRICULUM VITAE ET STUDIORUM**

Current position: Associate Professor of Plant Physiology (BIO/04, 2013) at Scuola Superiore Sant'Anna, Piazza Martiri della Libertà 33, 56127 Pisa (Italy);

Coordinator of the nanoPLANT laboratory at National Enterprise for nanoScience and nanoTechnology (NEST, Scuola Normale Superiore);

Vice-Dean of the Faculty of Experimental Sciences at SSSA;

Deputy Coordinator of the Center of Plant Sciences at SSSA;

Coordinator for SSSA of the LM in Molecular Biotechnology, joined with UNIPI;

Co-responsible of "Science, Technology, Engineering and Mathematics – STEM" program promotion for undergraduated girl students;

Member of the PhD boards of Agrobioscience and Agrobiodiversity at SSSA.

Work address: Life Science Institute, PlantLab, Via Guidiccioni 8/10, 56017 San Giuliano Terme (Italy);

Telephone: +39 050/881911 – e-mail: [chiara.pucciariello@santannapisa.it](mailto:chiara.pucciariello@santannapisa.it)

**ACADEMIC CAREER**

Assistant Professor of Plant Physiology (BIO/04, 2013) at Scuola Superiore Sant'Anna 2014-2017;

Postdoctoral fellowships to study the molecular and physiological plant response to low oxygen stress, Scuola Superiore Sant'Anna 2007-2014;

Marie Curie Intra-European Fellowship and Intra-European Network Fellowship to study the role of the cellular redox state during the symbiotic interaction between *Medicago truncatula* and *Sinorhizobium meliloti*, Centre National de la Recherche Scientifique (Institut Sophia Agrobiotech, France) 2003-2007.

**STUDIES**

PhD fellow in "Crop Production Science", Dipartimento di Coltivazione e Difesa delle Specie Legnose, University of Pisa 2000-2003;

Honours degree 110/110 *cum laude* in Agricultural Sciences, University of Pisa 1999.

**CURRENT RESEARCH INTERESTS**

- Molecular physiology of crop and model plants response to flooding;
- Metagenomic and molecular physiology of plant-microbe interaction under low oxygen.

## ACADEMIC RECORDS

Responsible of the SSSA activity for undergraduate orientation for the sector of Plant Science, 2020-2021;

Member of the SSSA Joint Commission, 2020-2022;

Member of the Didactic Commission for the Class of Experimental Sciences at SSSA, 2020-2021;

Secretary of the Italian Society of Plant Biology (SIBV), 2020-2021;

National scientific qualification to function as Associate Professor of Plant Physiology (BIO/04, 2013) and Plant Pathology (AGR/12, 2012) in Italian Universities;

European Community Mobility Programme Grant for the European Nitrogen Fixation Conference (Toulouse, France), 2004;

German Academic Exchange Service (DAAD) Grant for academic study and training in Germany - GSF-Forschungszentrum für Umwelt und Gesundheit (München Germany), 2002.

## PARTICIPATION TO FUNDED PROJECTS

Collaborator in the National Research Center “National Research Centre for Agricultural Technologies - Agritech”, 2022-2025;

Collaborator in the PRO3 project “PINS: Plant Imaging & Nanotechnologies for Sustainable Agriculture”, 2022-2024;

Principal investigator in the PNR project “microING - Crop and microbiome biodiversity tailored approach, microengineering augmented, for sustainable production under climate change”, 2022-2024;

Collaborator to the project “INNOPAQ - Sustainable innovation for quality agri-food production” in the framework of Abruzzo Region funding POR FESR 2014-2020;

Collaborator to the NEST laboratory project “nMdC – Carrara nano marble” in the framework of Tuscany Region funding POR FSE 2017-2018;

Programme Partenariat Hubert Curien (PHC) Galilée 2015-2016, Project “Legumes under submergence stress: role of nitric oxide in submergence tolerance”;

Marie Curie Fellowship “GINGER - Glutathione and Gene Regulation” - Centre National de la Recherche Scientifique (CNRS) (Sophia Antipolis, France), 2005-2006;

Intra-European Network Fellowship “SOS – Senescence and Oxidative Stress in Plant Systems” - Centre National de la Recherche Scientifique (CNRS) (Sophia Antipolis, France), 2003-2004;

## VISITING PERIODS

VIB - Flanders Interuniversity Institute for Biotechnology, Gent (Belgium) 04-08 2005;  
Laboratoire de Génétique Moléculaire Euralis Semences, Toulouse (France) 05-06 2004;  
GSF-Forschungszentrum für Umwelt und Gesundheit, München (Germany) 06-09 2002.
